Detailed Action

1. Claims 1-17 are presented for examination. This office action is in response to the amendment filed on 11/4/2004.

2. Applicants are reminded of the duty to disclose information under 37 CFR 1.56.

Drawings

3. The drawings were received on 11/4/2004. These drawings are approved by the Examiner.

REASONS for ALLOWANCE

4. The following is an Examiner's statement of reasons for the indication of allowable subject matter: renumbered claims 1-17 are allowable over the prior art of record because the arguments set forth in the amendment filed on 11/04/04 are persuasive. The claims are allowable over the prior art of record because the claims are distinguished from the prior art of record for the reasons as set forth in the amendment filed on 11/04/04 and because an update of a search previously made does not detect the combined claimed elements as set forth in the claims 1-17. Specifically, claims are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a method of writing predetermined data to a flash memory and together with combination of other claimed element as set forth in the claims.

Therefore, claims 1-17 are allowable over the prior art of records.
